It sounds like the library is not going to be much help, but it looks like a number of the documents in the spreadsheet are reports that were developed or submitted to GSENM. Would it be possible to pull as many of those as you can? I excerpted that list below. Hopefully you have most of these in your files.

Depends on what you'd like, I have all the WSA EIS documents scanned and in OCR. This seems to be largely where items were pulled from in the Secretary's Memo to BLM--the list objects in Memo where recreated in the GSENM List of Historic and Scientific Objects(Excel). Most of the items in list GSENM Publication table are in a digital format maintained by Southern Utah University. The actual Bibliography in the Memo is partially listed GSENM publications list and you can sort under the column "DOI Sec. Memo 1996" for those occurrences.

When you a get chance let's discuss what would be most useful to you.

Thanks. Do you have the ability to pull some or all of the documents that are in the bibliography? (b)(5) DPP (b)(5) ACP
If there are any you can't get your hands on, let me know and I will see what we can access here.
